

## **Focus on Energy Renewable Energy Program 2007-2008 Summary of Services and Incentives**

The Renewable Energy Program focuses on five markets:

- Solar electric
- Solar water heating
- Customer owned wind
- Biogas digesters
- Non-residential biomass combustion

Program services include:

- Information and marketing
- Education and training
- Project facilitation
- Market and business development
- Project incentives

### Focus on Energy Renewable Energy Contacts

Information Center	800.762.7077 renewinfo@focusonenergy.com
Solar Electric Specialist	Niels Wolter 608.441.3840 x 174 nielsw@weccusa.org
Solar Water Specialist-Residential	Kari Heinrich 608.441.3840 x 319 karih@weccusa.org
Solar Water Specialist-Non-Residential	Bob Ramlow 715.824.3463 artha@wi-net.com
Dairy Digester Biogas & Large Wind	Larry Krom 608.588.7231 lk@wisolarelectric.com
Small Wind Specialist	Mick Sagrillo 920.837.7523 msagrillo@wizunwired.net
Biomass Combustion & Industrial Biogas Specialists	Terry Stebor 920.468.1978 terry.stebor@sts.aecom.com
	John Nicol 608-277-2941 nicolj@saic.com

## Renewable Energy Incentives

Solar	REWARD
Photovoltaics, on grid, NABCEP installed, 0.5 kW-20 kW	\$1.50 per kWh/year up to \$35,000, up to 25% of total system cost
Photovoltaics, on grid, NABCEP installed, >20 kW-50 kW	\$1 per kWh/year up to \$50,000, up to 25% of total system cost
Photovoltaics, non-profit, on grid, NABCEP installed, 0.5 kW-50 kW	\$0.50 additional per kWh/year up to \$35,000 for 0.5-20kW up to \$50,000 for 20-50kW up to 35% of total system cost
Solar water heating, less than 250 therms per year	\$20/therm up to \$2,500 up to 25% of total system cost
Solar water heating, 250-999 therms/year	\$10/therm up to \$50,000 up to 25% of total system cost
Solar water heating, 1,000-4,999 therms/year	\$8/therm up to \$50,000 up to 25% of total system cost
Solar water heating, 5,000 and greater therms/year	\$6/therm up to \$50,000 up to 25% of total system cost
Solar water heating, non-profit	\$5 additional per therm/year up to \$50,000 up to 35% of total system cost
Solar electric and water heating WESH & HP qualified	\$500 per system
Wind	REWARD
Wind - private and non-profit, 100kW and below	<20 kW, \$35,000 up to 25% of total system cost; >20 kW, \$50,000 up to 35% of total system cost
Wind - private, 100kW -15 MW	Cost share for development activities up to \$50,000 up to 50% of total system cost
Biogas & Biomass Combustion	REWARD
Biogas digesters and biomass combustion - electric	9,150 x capacity factor x capacity (kW) E 0.63 up to \$250,000 up to 25% of total system cost
Biogas digesters and biomass combustion - thermal, up to 5000 therms per year	\$2-\$3 per therms/year up to \$10,000 up to 25% of total system cost
Biogas digesters and biomass combustion - thermal, 5,000-750,000 expected therms/year	\$50 x (therms per year) E 0.63 up to \$250,000 up to 25% of total system cost
Biogas digesters and biomass combustion - projects over \$2 million	Cost share for development activities up to \$50,000 up to 50% of total system cost

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas.
