WISCONSIN CONSOLIDATED PLAN – PUBLIC HOUSING AGENCY PLAN
CONSISTENCY CERTIFICATION FACT SHEET

The federal Quality Housing and Work Responsibility Act (QHWRA) of 1998 requires that all public housing agencies submit to HUD a public housing plan every five years. Annual plan for each year the agency receives section 8 tenant-based assistance or public housing subsidy may also be required.

The five-year plan describes the agency mission and long-range goals and objectives for the subsequent five years. The five-year plan has two components. The first component is a description of the housing agency mission for serving the needs of low-income and very-low income individuals for the five year period. The second component is a description of the goals and objectives that will enable the agency to serve the needs of the low-income and very-low income.

The annual plan provides details about the public housing agency's immediate operations for the upcoming fiscal year. The annual plan contains numerous sections. The content requirements may vary depending upon the housing agency designation as a high performer, standard performer, troubled performer, section 8 only, or, as a small public housing agency.

Public housing agencies are required to obtain a Certification of Consistency with the applicable Consolidate Plan for *Standard Annual*, *Standard 5-Year/Annual*, and *Streamlined 5-Year/Annual* PHA Plans. In addition, the public housing agency whose jurisdiction encompasses more that one consolidated plan jurisdiction must ensure consistency with all plans.

The State of Wisconsin Consolidated Plan covers the jurisdictions not listed below:

Appleton	Janesville	Neenah	Waukesha
Beloit	Kenosha	Oshkosh	Waukesha/Ozaukee/Washington/ Jefferson County Consortium
Dane County	La Crosse	Racine	Wausau
Eau Claire	Madison	Rock County	Wauwatosa
Fond du Lac	Milwaukee	Sheboygan	West Allis
Green Bay	Milwaukee County	Superior	

STATEMENT OF INTENT: It is the State's intention to consider all certification requests as promptly as possible. It is the further intent of the State to act on a presumption that a public housing agency's plan is consistent, unless factors within the documents submitted indicate otherwise.
